## Winter Holiday Homework

Dear Parents,  
Greetings from PPS!

To ensure students make the most of their winter break from December 25, 2025, to January 1, 2026, we have designed holiday homework and projects that combine fun with learning. These activities aim to reinforce school concepts, spark creativity, and encourage collaborative learning.

As these projects are the culmination of all academic activities, they play a vital role in consolidating students' learning. Additionally, these projects will be used for the evaluation of Subject Enrichment grades and other academic activities.

Please note that the grades for these projects will contribute to your child's overall performance. We request your support in ensuring they are completed and submitted by January 12, 2026.

Let's work together to make this break a fruitful and enriching experience for our students. Wishing you and your family a joyful and restful holiday season!

  
Regards,  
Ms. Ashu Wadhwa  
Principal  
People's Public School, Bhopal
