

PEOPLE'S PUBLIC SCHOOL

Summer Holiday Homework

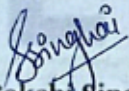

Dear Parents,
Greetings from PPS!

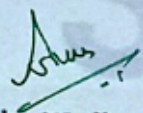

The school encourages to enhance creativity of students therefore we have designed holiday homework and projects that blend learning with leisure. These activities aim to reinforce classroom learning, stimulate creativity, and encourage independent and collaborative thinking.

The assigned tasks are an important part of the academic cycle and will help in consolidating the concepts covered during the term. These projects will also be evaluated as a part on internal assessment and other academic activities.

Please note that the grades awarded for these assignments will be included in your child's overall academic performance. We kindly request your support in ensuring that the work is completed and submitted by **24 June, 2025**. Let's work together to make this summer break a productive and enjoyable experience for our students.

Wishing you and your family a happy, safe, and refreshing summer vacation!
